

Biblical Oils Meditation Journey at Boundless Energy

There are 188 references to Essential Oils in the Bible. During the last week of Lent, we will meditate on relevant Biblical accounts enhanced with the heavenly scents of Myrrh, Hyssop, Galbanum and Spikenard.

Myrrh is purifying, restorative, revitalizing, and uplifting. It is a helpful aid to meditation and is referenced throughout the Old and New Testaments of the Bible. Hyssop is a biblical oil that is noted for its purifying properties. Galbanum was used in ancient temple ritual incense anointings associated with springtime. Spikenard was used by Mary of Bethany to anoint the feet of Jesus before the Last Supper.

Certified Energy Healer Henrietta "Hank" Hammerlund will lead us through this meditative journey to heal and enjoy a natural state of relaxation.
